"SCREAMING EAGLES"

I am particularly interested in those who served in Company B, 1st Brigade 502nd Infantry Battalion from December 1967 through December 1968. All comments are welcome however.

My name is Troy Bell. It is my hope to renew contact with those that I served with during this period that made it back alive, and to remember those that didn't.

The following named comrades were awarded the Air Medal, along with me, according to General Orders Number 10527, a copy of which I have. This medal was awarded for action on February 15, 1968 and effective December 1968. If you are named here, know someone who is named here, or can offer any help in locating these comrades, please contact me.
